

## Interpreter Services

### **SIGN LANGUAGE SERVICES:**

The Intake staff will set up a date and time with the potential client, then let me know the date and time. I contact Sycamore usually to find out if there is a interpreter available for this date and time. I ask if there are dates within two weeks of initial date and time when interpreter available. I have Intake staff reschedule within the two week dates. This very rarely happens, most of the times interpreter available. Connections have always been most accommodating, so I use whichever.

### **LANGUAGE INTERPRETER:**

I must remind staff instructions for language interpreter on Resource Center under Interpretative Services. The only one that creates issues is Haitian/Creole we must schedule this appointment ahead of time. Call the service and request interpreter for specific date and time.
